## COUNTY GRAIN STORAGE IN CAMERON

### 10 BINS AND BIG BUILDINGS GOING UP

Milam County farmers will have storage facilities for their 1950 crops—for the first time in history.

The local PMA office has constructed 10 bins with a capacity of 3,200 bushels each.

A private contractor, H. G. Graham of Cameron, is now constructing a storage facility with a capacity of 180,000 bushels.

The building will be 40 feet wide by 210 feet long. It is expected to be completed in time for the 1950 harvest season—by August or September.

Milam County farmers have had a place to store their cotton at the compress in Cameron, but this is the first real effort to provide them with storage facilities for grain crops.

The 10 PMA storage areas are located just a few blocks from the business area in Cameron.

The Graham storage area is located a short distance from the compress in Cameron.

Thus, Milam County farmers will have a potential storage area of 212,000 bushels as a result of the two new storage facilities.

Observers pointed out this is still far short of what might normally be needed, but they added at least it's a start.

The PMA storage facility is to be used primarily for storing grain the Commodity Credit Corporation calls in.

However, should there be space left such space will probably be used for 1950 grain crops.

The facility being built by Graham will be leased to the CCC for storage facilities.

Thus, when a farmer gets a loan on his crops, he can take them to the Graham area for storage.

All manner of equipment is planned for the new storage area including dryers and a corn sheller.

It is being built with an eye to enlarging it—probably next year.

Elsewhere in Central Texas, other PMA storage bins are being erected.

Graham is erecting bins in Bell County.

In McLennan County, 10 bins, each with a capacity of 3,250 bushels, are to be constructed near McGregor for surplus storage.

### MAN WANTED IS FOUND AT VAL VERDE

Casimiro Quinones, wanted on murder charges in Sunday night's shooting affray in Rogers, was captured Tuesday morning when hunger and thirst drove him to seek aid from a farmer near Davilla, in Milam County.

The farmer, suspicious because of the clothes Quinones was wearing, informed Deputy Sheriff Harvey Klemann and Frank McKee who arrested him about 11:30 a. m. while he was resting under a tree on the Bartlett-Davilla road.

Quinones had been the object of a state-wide search after the shooting in Rogers Sunday night of Alberto Martinez, 24, Brigido Quinones, 67, and Ignacio Martinez.

Alberta Martinez and Quinones were killed in the affray, while Ignacio Martinez was shot in the hand.

Ignacio Martinez has been charged with murder of Brigido Quinones and is free on \$5,000 bond. Murder charges were filed against Casimiro Quinones Monday by Sheriff E. T. Ray before he was apprehended Tuesday morning.

Quinones told deputies he had eaten only a candy bar since Sunday noon. He said he had hidden in the daytime and travelled at night in an attempt to evade capture.

When Quinones appeared at a farm house early Tuesday morning asking for water the farmer notified officers. The captured man was wearing a blue suit, light-colored shirt and a pair of dress shoes.

Aiding in the search for Quinones were Sheriff Carl Black of Cameron, Mrs. Reed of Rogers and the Bell county sheriff's department. —Star Telegram.

Jim Majors of Splaur was a guest in the home of his sister, Mr. and Mrs. Elmo Vaughn on July 4.

## CALL ISSUED FOR BID ON FARM ROADS

## BUILDING PERMITS TOTAL \$25,600.00

### CONSTRUCTION HERE SHOWS BIG INCREASE

Building permits for the city of Cameron during the month of June totaled \$25,600 according to W. H. Stafford, city secretary.

Mr. Stafford said that the total for June is largely for residence construction. Despite home building during the past five years Cameron still faces a critical housing shortage. Last week the city could not accommodate, or did not arrange for temporary settlement here of some 17 families for an oil company.

The permit total was far above expectations and the total for the year will be about what the average has been for the past four years and at the end of 1950 new construction for the post war years total around \$1,500,000 but is not reflected in increased property values for taxing purposes.

Home building in the city has developed suburban sites as has been true of post war expansion in all Texas towns.

Cameron needs modern business houses for rent and also needs modern residential rentals.

### Heads Association

Charles M. Hicks

### Charles M. Hicks Heads Superintendent Of State Association

Charles M. Hicks, County Superintendent of Milam County, was elected President of the County Superintendents and Supervisors Association of Texas at the Association's annual meeting at A & M College on June 27th.

Mr. Hicks served as vice-president of the association during the past year.

This was the twenty-fifth annual meeting of the Association. As has been customary for the past few years, joint meetings of the County Superintendents and City Superintendents were held during the mornings, and separate meetings of each were held in the afternoon and evenings.

Among the speakers were:

Dr. Earl R. Douglas, Dean College of Education, University of Colorado.

Dr. J. Dan Hull, Office of Education, Washington, D. C.

Dr. J. R. Rockley, Dean College of Education, University of Oklahoma.

Dr. Robert L. Southerland, Director of Hogg Foundation, University of Texas.

Dr. J. W. Edgar, Commissioner of Education for Texas.

Mr. Hicks says he has plans for three meetings of the association during the coming year. The first will be held at San Antonio during the meeting of the Texas State Teachers Association, the second in Austin at the Mid-Winter Conference of School Administrators and the third will be the annual meeting in College Station in June 1951.

### Water System Is Taken Over By The City of Cameron

The water system in Cameron has been transferred to the City by the Community Public Service Company on payment of \$350,000 in revenue bearing bonds.

The transaction was completed on June 30 and patrons of the Water Company now have the privilege of supporting their own utility. The last billing for the utility company was made this week and water users are requested to bring their deposit receipts with them so that responsibility will be transferred to the city.

The City of Cameron, after more than a half century has finally acquired its water utility and the system will be paid for out of profits earned by the plant.

### MOSCOW BRISTLES OVER KOREAN FIGHT

MOSCOW, July 4.—Soviet Deputy Foreign Minister Andrei A. Gromyko's denunciation of the American government for pushing "step by step into open war" widened the breach between the east and west, observers here believed today.

Gromyko's 14 page statement, published by the official news agency Tass and broadcast to the world by Moscow Radio, branded the U. S. Government as a "violin" and an "enemy of the peace." It charged the U. S. with "direct acts of aggression" in Korea.

Gromyko also denounced the United Nations and the UN's secretary General Trygve Lie. And observers noted that for the first time since its founding in San Francisco in 1945 Russia seriously questioned the UN and the secretary general personally as instruments of peace.

Only a few hours after Gromyko's statement was made public the Russian navy's organ Red Fleet appeared with a special article which warned that as long as the capitalist world exists the Soviet Union will be under threat of attack.

The article, in conjunction with navy, July 23, declared that the Soviet people will take "all measures" to see that their armed forces are ready for defense.

"The navy now," it said, "is carrying on intensive summer training in conditions approaching actual combat."

Gromyko's statement also condemned "armed" U. S. "intervention" in (turn to page eight)

## W. D. Bigbee Candidate For Commissioner Precinct 2

W. D. Bigbee, widely known native resident of the precinct, is a candidate for the nomination for Commissioner of Precinct 2, subject to the Democratic Primary election to be held on Saturday July 22.

Mr. Bigbee was the first candidate to announce for Commissioner in this precinct and stated more than two months ago that his formal announcement would appear in due time.

In filing for the ballot early this year, he yielded to the solicitation of many friends and supporters throughout the precinct who feel that because of his unusual experience and qualifications that he offers more in his candidacy than any other man who has sought this office in the history of the precinct.

Mr. Bigbee was born and reared in Cameron and married Miss Lois Burnett who was a valued employee many years with the office of County Superintendent and well known to the trustees, teachers and school patrons, and his record for the years of his

### E. HORSTMANN IS ASKING RE-ELECTION

E. Horstmann, Constable for Precinct 6, is a candidate for re-election subject to the primary election to be held on Saturday, July 22.

Mr. Horstmann, in making his announcement for re-election, said he was greatly pleased to have pledges of support from all sections of the precincts, and wants each one to know that he greatly appreciates this confidence.

Mr. Horstmann has been a peace officer for 20 years and the major portion of this time has been spent as Constable of Precinct 6. He plans to see each voter if possible before the election, but in case he is unable to see each voter, he makes this appeal through the newspaper, asking for your vote and support.

In making his formal announcement, Mr. Horstmann issued the following statement.

"I am making my announcement for the office of Constable of Precinct 6, for re-election. I have been an officer for 20 years, and have tried to serve the people of my beat as best I could, and I want to thank my many friends for their support and encouragement."

"I will in the future, as I have done in the past, do all that I think is best for the people to the best of my ability. I will appreciate your vote and cooperation in the coming election."

E. HORSTMANN

### A. F. Mitchell Of Highway Commission Visited In Cameron

A. F. Mitchell of Corsicana, member of the Texas Highway Commission, was in Cameron Saturday visiting Judge Dan Tyson and other friends.

Mr. Mitchell is a former engineer if Milam County and since he became a member of the Highway Commission has been instrumental in promoting a bigger and better farm to market road program in Texas and Milam County has received three designations.

Judge Tyson announced that bids are to be received on the road from San Gabriel to Pettibone and from Ben Arnold to Clarkson.

Mr. and Mrs. Johnnie Zarosky were in Granger a few days this week visiting Mrs. Zarosky's parents, Mr. and Mrs. Paul Repa.

### "Penthouse" Fire At Houston Cafe Threatens City

The "Penthouse" over the Grady Houston Cafe on South Central avenue was badly damaged Sunday night by fire around 11:30 P. M.

Mr. Houston expressed the belief that the fire originated through defective wiring. It has been known for some time that substantially all of the business district is under constant threat of construction because there is no enforcement of the law against faulty and worn out electrical installation.

The "Penthouse," a small cabin like enclosure above the Cafe had been occupied until recently, but at the time of the fire no one was living there.

Dick Harris, night policeman discovered the blaze and turned in a quick alarm otherwise the entire City could have been jeopardized.

Two other small fires were reported Saturday night, one at Green Motor Company while employees were washing up oil with gasoline in the repair department and an automobile parked near the Methodist Church on Travis avenue.

### NO CASES OF POLIO REPORTED IN COUNTY

Although Cameron and Milam County thus far are polio free, precautions still are being taken and Cameron will get its first "fogging in history" on Thursday July 6.

This is a follow up of the recent polio clean up and will be the first time in the history of the city that such a measure has been taken.

Albert Spatz, representing the State Health Department, will be in the city by arrangement with health authorities and the Chamber of Commerce. Fogging is a sanitary measure that has the same effect on large areas that DDT spray has around the home. A special chemical is issued for this type of polio prevention.

In order to make the fogging effective it is important that all streets be cleared of automobiles and when you come to town on tomorrow morning it would be well for you to park your car a considerable distance away from the mercantile area. As soon as the streets are properly gone over then parking will be permissible again. In order to avoid traffic problems the fogging will start at 5 A. M.

L. G. Smith, manager of the Chamber of Commerce, said that the business areas would begin as soon as the business section is completed. It was estimated that a full day or more would be required to complete this job.

Dr. E. S. Freeman, director of Milam County Health Unit, told this newspaper Wednesday morning that no cases of polio had been reported. The conditions contrast with 1949 when Cameron alone had as many as 10 cases including two deaths. Dr. Freeman was well pleased with progress being made.

### Dr. W. R. Hall Goes To Fairfield Church

Dr. W. R. Hall, who has been minister at First Presbyterian Church for the past two years, and Mrs. Hall were due to leave Cameron Thursday afternoon for their new home in Fairfield.

Dr. Hall has accepted an appointment as minister at Fairfield, and will be in the pulpit there for the first time Sunday.

The entire city of Cameron will feel deeply the loss of Dr. and Mrs. Hall, and people here, including the congregation in the church, wish for them every possible happiness and success in their new field of work.

### MILAM COUNTY GETS TWO FARM ROADS

Bids for construction on the farm to market road No. 486 from San Gabriel to Pettibone to connect up with Highway 36 leading into Cameron will be received by the State Highway Department until July 18.

The length of this construction will be approximately 13 miles.

Judge Dan Tyson and the Commissioner's Court has been notified by the Commission that bids will be received by the Highway Commission until 9 A. M. July 19 on farm to market roads No. 1444 and 1445 from Ben Arnold to Clarkson. The length of this construction will be a little over 8 miles.

Farm to Market road construction in Milam County is rapidly assuming proportions in relation to needs and there is considerable optimism over development.

Judge Dan Tyson and the Commissioner's Court have been very active and within a short period of time rural areas will get out of the mud.

### Holiday Death Toll Reaches 793; Bigger And Better All Time

The long, slam-bang Fourth of July celebration was the bloodiest holiday period in the nation's peacetime history.

It brought sudden and violent death to at least 793 persons—on the highways, in homes, or at beaches, swimming pools, picnic grounds and other recreational spots.

The president of the national safety council, Ned H. Dearborn, said it makes America's part in the Korean war during the same period "look like a Sunday school picnic."

The previous high holiday accident fatality record of 761 was set during the three-day Christmas weekend in 1936.

An Associated Press survey of violent deaths directly or indirectly attributed to the four-day holiday celebration showed:

Traffic accidents killed 491, a new post-war high and exceeded only by the 555 traffic deaths during the 1936 Christmas season.

Drownings took 179 lives. Fireworks killed only one—a 55 year old South Dakota farmer in charge of igniting a public display.

Other types of accidents brought death to 122.

The deaths occurred between 6 P. M. local time Friday and Tuesday midnight.

### Turner Family Holds Reunion Here July 4

A reunion of the Turner family was held at the home of Mr. and Mrs. A. B. Turner of Cameron.

Those present were Mr. and Mrs. Hugh Turner, Ft. Wayne, Indiana; Mr. and Mrs. Thomas Turner and daughter, Bobbie Jean of Austin; Mrs. Dorine Amsdell, Austin; Mr. and Mrs. Dick Gosby and daughter of Schertz, Mr. and Mrs. Orvis Turner and three children of Angleton; Mr. and Mrs. Reese Turner and son of Austin, Mr. Bert of Brady, Mr. and Mrs. Tom Turner, Cameron, Mr. Lewis Watson, Lamesa, and Mr. and Mrs. Lester Turner and family of Cameron.

Several of these present from out of town made plans to remain here for several days to visit.

### Two Pay Fine For Driving While Drunk

Two men have paid fines in county court for driving automobiles while drunk. Each paid the minimum fine which is \$50.00.

Frank Marion Moffat and Jim Holland were charged with driving while drunk and both entered a plea of guilty. In addition to the fine of \$50, which is the lowest that can be assessed, license to drive in both cases was suspended.

### Sitz Family Reunion Held At Burlington Sunday June 25

Annual reunion of the Sitz family was held June 25th at the Burlington Hall with E. E. Sitz of Waco as host.

Those present were Mr. and Mrs. E. E. Sitz, Mr. and Mrs. Walter Sitz of Ben Arnold, Mr. and Mrs. Otto Becker of Rosebud, Mr. Fred Sitz of Rosebud, Mr. and Mrs. Henry Hoff and daughter, Mrs. Dorothy Schiller of Rosebud; Mrs. Anna Johns and sons, John Joe of Rosebud and Monroe of Temple, Mr. and Mrs. Alex Elbel of Spring Branch, Texas, Leslie Sitz of Rosebud, Mr. and Mrs. Ben Sitz of Rosebud and daughters, Jackie Lee of Dallas and Bernice Talasek of Temple, Mr. and Mrs. Milton Lamke and family of Seguin, Mr. and Mrs. Eugene Sell and daughters of Rosebud, Mr. and Mrs. Willie Hadeled of West Columbia, Mr. and Mrs. W. F. Boeker and daughters of Cameron and son, Willie Ray of Austin, Mr. and Mrs. Ed Boeker and family of Cameron, Mr. and Mrs. George Barkemeyer and family of Burlington, Mr. and Mrs. Raymond Barkemeyer and son of Ben Arnold, Mr. and Mrs. Henry Boehme and family of La Marque, Mr. and Mrs. Albert Sitz of Houston, Mr. and Mrs. Alvin Sitz and son of Rosebud, Mr. and Mrs. R. Waggoner and daughter of Houston, Mr. and Mrs. Alois Loke of Bryan, Mr. and Mrs. Alvin Hollas Jr., of Burlington, Mr. and Mrs. Edgar Sitz and family of Travis, Mr. and Mrs. Edmund Pimpler and sons of Cameron, Mr. and Mrs. Raymond Pimpler and family of Ben Arnold, Mr. and Mrs. Lionel Childs and son of Marlin, Mr. and Mrs. Emil Klaus and daughter of Lott, and Mr. Ervin Pimpler of Rockdale.

Visiting with this group were Mr. and Mrs. Otto Hoff and son of Bishop, Texas.

A covered dish dinner was served and enjoyed by everyone.

hhBhokdi tei etaoinP shrdlu etaoin

Miss Clara Nell Wildgrube has returned from a visit with her aunt, Mrs. A. L. Baker in Austin.

John Stracik of Guy, Texas was a guest in the John Schiller home at Buckholts over the week end. He left Monday to attend the R.V.O.S. meeting being held in Temple this week.

### U S GROUND TROOPS FLOWN TO KOREA

TOKYO, Saturday, July 1. American combat troops arrived in Korea today and went into the battle line against the North Korean communists.

One infantry battalion was airlifted to the front. The rest of an entire division is following by ship.

A United Press front dispatch from "somewhere in Korea" said that the troops went into action immediately, taking up defensive positions 25 miles north of Taejon, temporary capital of the South Korean government.

As the GI's went into action in behalf of the United Nations and world democracy it was reported here that the United States Navy had been ordered to attack military targets in North Korea.

The troops flown into Korea were landed at a small southern airstrip.

Weighted down with full battle packs and weapons, the GI's jammed into giant transport planes after being trucked to air bases "somewhere in Japan" from nearby garrisons.

With them went weapons, jeeps and other equipment.

The South Korean army broke yesterday in a vital sector of the Han river front south of Seoul. Troops in the sector fled in panic.

Suwon, headquarters of the United States military advisory mission and the Korean army staff was abandoned and communist flying columns occupied it and the adjoining Suwon air strip last night.

The American mission and the Korean staff set up new headquarters at Taejon, 93 miles south of Seoul and 73 miles south of Suwon.

Fresh South Korean republican army troops started forming a new defense along the Kum river, which runs from 10 to 15 miles north of Taejon.

It is to this line that the GI's go. Brig. Gen. John H. Church, who will command them, said at his new headquarters:

"We are not going any further back. We are going back to the 38th parallel"—the 38th parallel of latitude that forms the north-south frontier over which the North Korean reds swept one week ago tomorrow.

At the Japanese air base, a shuttle service of troop and equipment planes started operations on a full scale this morning.

It was believed here that at any hour, giant United States B-29 superfortress bombers and other planes would open a merciless attack on communist military targets north of the 38th parallel.

### Talent Program At Buckholts Friday Night June 30

The second of a series of talent programs sponsored by the Chamber of Commerce will be given in Buckholts tonight it was announced by L. G. Smith, manager of the Chamber of Commerce.

The program will be held at the Softball field and will get underway at 8 p. m.

E. B. Hyer, postmaster at Buckholts, is chairman of the program and anyone in that community having talent may participate.

The Yoe High School Swing Band will be on hand to furnish music at various intervals.

Mr. Smith urges the merchants here to attend these talent programs and in doing so, states, it will be beneficial to their businesses.

Mr. and Mrs. Ora Arnold and girls of Camp Hood visited in Cameron over the week end.

### Two Soldiers Taken To Hospital After Wreck Near Milano

Two Camp Hood soldiers were hospitalized in Cameron Sunday night because of injuries sustained when their car was wrecked on highway 79 at the Santa Fe overpass in Milano.

Injured were Sgt. George T. Wheeler and brother Pvt. James A. Wheeler. Both were carried to St. Edward Hospital by Phillip and Luckey ambulance where they were treated and released the following morning.

The Wheeler automobile ran off the embankment at the overpass and turned over three times. Georg Wheeler, driver of the car entered a plea of guilty in Justice of Peace court here for driving on the left hand side of the road and no operators license. His charge was \$58.00 including cost of court.

A second accident occurred around 8:15 p. m. July 4, one and half miles west of Milano on highway 36. A truck and trailer driven by Joe Nelson Hatter of Moody and an automobile operated by Paul Gordon Fuller of Bryan collided.

The Fuller car struck the left rear wheel of the trailer and ran off the road into the ditch. Fuller was slightly injured.

### BOND SALES LAG

Milam County was only about 40 Government bonds. The latest report percent complete in the purchase of to Henry Siehman, County Director, shows that the county has purchased \$15,030.25 and the quota is \$38,000.

Miss Margarette Hickman has returned home after spending a week with Miss Rosalie Matyastik at Clarkson.

Sally Meier, Bookkeeper at Thomas Drug Store is ill at her home. Her many friends wish her a speedy recovery.

### 466 KILLED OVER THE HOLIDAYS

CHICAGO, July 4—Traffic deaths over the long Fourth of July holiday set a new all-time record for the nation today.

At least 466 persons were killed on the highways since 6 p. m. Friday local time. Reports were still coming with the holiday over in the East.

All accidental deaths during the four-day celebration reached 780, including 154 drownings, 3 deaths from heat prostration, 22 in plane crashes and 135 from miscellaneous causes. There were no fireworks deaths.

The highway toll this Independence Day eclipsed the previous worst toll of 420 recorded over the three-day Christmas holiday last year.

Safety officials acknowledged that the current holiday of four days accounted for part of the soaring traffic slaughter, but also pointed to record travel that put an estimated 36,000,000 cars on the road.

The toll exceeded the worst fears of the National Safety Council, which had reported that 385 would die in traffic over the four days.

### Texas Deaths

More than a half-hundred Texans have died in accidents or by violence in the long Fourth of July holiday week end which began Friday night, the count of fatalities Tuesday night.

**PROTECTION**

## W. R. Poage Announces For Re-Election To Congress

TO THE PEOPLE OF THE ELEVENTH CONGRESSIONAL DISTRICT

In the past you have highly honored me by your expression of confidence at the polls. I have sought to merit that confidence. I have recognized that I am your hired man. It is true that when there has been a difference of opinion among my employers, I have sometimes found it difficult to know your wishes. I have, however, always tried to follow a course which I believed to be in the best interest of the majority of the people for whom I work. Under our Democratic form of government, the people have an opportunity each two years to decide how well I have served. I believe I have done a constructive job. If you agree, I respectfully solicit your continued support.

That you may better appraise my record, I call attention to a few facts that may have a bearing on your decision.

I was born in Waco fifty years ago. My father, Bill Poage, was well

known as an old-time cowman. My mother, Mrs. Helen Conger Poage, still lives in Waco. I was reared on a farm and ranch. I graduated from Waco High School and Baylor University. I farmed in West Texas and practiced law in Waco. I am a member of the James Edmond Post of the American Legion.

I began my legislative career at the bottom and have worked up, step-by-step. I believe this is the only way in which the necessary background of experience can be obtained. I was elected to the Texas House of Representatives in 1924. Many of our people will remember my leadership of the Economy Bloc in our State Government. In 1930 I was elected State Senator from the 13th District. As State Senator, I offered the first amendment embodying a comprehensive natural resource tax in Texas. I wrote the First Drivers' License Bill in Texas and was joint author of the State Road Bond Retirement Act and of the Act creating the Brazos River District.

In 1936 the people of our Congressional District entrusted to me the responsibility of representing their interests in Washington. The "seniority system" which operates in Congress has since that date given me an opportunity to exercise progressively greater influence. I have served first as Secretary and then as Chairman of the Texas Delegation. Next year I will become vice-chairman of the Committee on Agriculture.

It has taken years of service to reach this point as every member must begin at the bottom. Not only does "Seniority" determine a Member's position on Committees (where the most important work is done), but it greatly affects his influence both with his Colleagues and with the governmental departments with which he

## The Cameron Herald July 6, 1950

must deal.

Much of a Congressman's work involves non-legislative activities in which his District is especially interested. I feel that I am able to point to an impressive list of such services to our District. I certainly do not claim all the credit for this work—many other worked effectively—but since I have been your Representative, our District has fared quite well. And I think it will be agreed that we could not have done so well with any new, untrained or uninterested Representative.

Today the Eleventh Congressional District has more Veteran's Hospital beds than all the other 20 Congressional Districts of Texas combined.

During the war there was probably no District in Texas that had as much military activity as ours. We had the largest ground force base at Camp Hood—the largest military hospital at McClosky—a shell loading plant at Bluebonnet, and four military air fields.

We have retained practically all our war-time facilities. I know of no other District which has done as well.

Camp Hood is now a permanent installation—Fort Hood. North Camp Hood is the headquarters of the Texas National Guard Encampment. Conally and Gray Air Force Bases are now active as permanent installations. Temple and Blackland Air Force Bases are now municipal fields. Bluebonnet Ordnance Works is now an industrial center and the site of the world's largest Agricultural Experiment Station (a part of A. & M. College of Texas.)

Our District leads in soil conservation and flood control work. Every acre is in some Soil Conservation District. Special Soil Conservation Programs have been approved for both the Leon and the Bosque Valleys. State Headquarters, Regional Repair Units, and the only Run-off Experiment Station in the State have been located in our District. Two of the

largest dams in Texas are under construction, and four more have been recommended by the Army Engineers. Do you know of any other District with an equal record?

Our District is almost completely covered by rural electric lines. We have the headquarters of four farmer-owned rural electric systems in addition to the Great Brazos River Transmission Electric Cooperative, Inc., which built the "Bob Poage Steam Plant" and many miles of high voltage lines. Several rural telephone systems (both public and private) are now being organized.

Sometimes our local welfare is directly affected by Federal legislation.

The Rural Telephone Bill is a case in point. I was the author of that bill. As Chairman of the Sub-Committee charged with handling R.E.A. legislation, I have been in a position to be of special service to that program. I sponsored the legislation to help Soil Conservation Districts acquire heavy equipment. I have constantly supported our farm price support program.

I recognize, as does everyone who studies the question, that there can be no lasting price support without acreage control. I realize that all acreage control is distasteful, but I have not tried to lead our people to believe that it is possible to give each farmer all the acres he would like to have and at the same time guarantee him a fair price on all he produces. We are faced with the practical proposition of getting the best compromise possible from an overwhelming majority of Congressmen from non-farm Districts. Such compromises are more often secured by a real effort to face the facts than by loud spoken demands.

I have supported not only the program of Federal Highway aid, but also and especially the program of aid for our country roads. Every county in this District has benefited.

I have VOTED FOR economy in Federal expenditures. It is always popular to TALK economy. It is always unpopular to name the specific

objects of economy or to vote to reduce pay rolls; yet this is the ONLY WAY to really effect economy. I refer anyone who is interested to my votes, as recorded on pages 6293-6294 of the Congressional Record.

The continued existence of our very independence depends on our ability to defend ourself at home and abroad. I have supported strong armed forces, including mechanized weapons, guided missiles, A 70-Group Air Force, aircraft carriers, submarines, atomic energy and a strong injection of Democracy and justice within the armed forces themselves. On the other hand, I have voted to purge our Government of all Communists in Civilian as well as defense positions.

No matter how strong we make our arms, we should continue to devote our first and our best efforts to the preservation of peace by other means. I have, therefore, supported a strong non-partisan foreign policy; aid to our friends in all parts of the world; and a clear policy of resisting Communist aggression wherever it has exposed itself. Peace can only be maintained by keeping the United States strong at home and respected abroad.

In view of the ever increasing importance of foreign affairs, both from a military and from an economic standpoint, I have sought to secure as much first-hand knowledge as possible. Vice President Barkley has on three successive occasions conferred a high honor on me by designating me as one of our Government's official representatives to the Annual World Conference of the Interparliamentary Union. In addition, I have made several trips at my own expense that I might have a better understanding of our problems abroad.

I am opposed to Socialism and to Communism in any form, including socialized medicine, the Brannan Plan and government ownership of railroads.

I consider a contract of the Federal Government just as binding as that of an individual, and I look upon the recent Supreme Court decision in the Texas Tideland Case as a direct repudiation of a contract heretofore made by our Government. I have twice voted to recognize the title of the States in the tidelands.

I am a Democrat. I have always voted for the nominee of my Party, in bad years as well as good. I have not, however, been a "rubber stamp" for any party or group. I have not and cannot vote for many parts of

President Truman's "civil rights" program and particularly the so-called F. E. P. C.

I have stayed on my job. I have answered 172 out of 185 roll calls since Congress convened in January. I shall be in Central Texas just as much as I can without neglecting my legislative duties between now and the election, but I realize that in the main, I must rely on my friends to conduct a campaign in my absence.

With appreciation for the confidence you have shown and with the hope that you will find it consistent with your ideas of good government to continue to accord me your support, I am

Your friend,  
"W. R. POAGE"  
W. R. Poage, Congressman,  
11th Texas District

## 22 'Old Maids' Celebrate Fact They Never Married

NORRISTOWN, PA.—Some 22 women who never have said "I do" went out and celebrated the fact they are old maids.

The women, spinsters by choice or through circumstances, went to a restaurant here, held a dinner party, and proclaimed June 4 as Old Maid's day throughout the nation.

"Why not a day for old maids?" said Marian Richards, 54, who originated the thought one year ago in the Norristown factory where she and the other girls work. "There's a Mother's day and a Fathers day and so on."

Friends of J. C. Brashear, Sr. will regret to learn he is ill and in Newton Memorial Hospital.

## Kaiser Shade Screen

**Better**  
Than an Awning  
**Cheaper**  
Than an Awning  
**YET...**  
It is easily  
Installed!

Kaiser Aluminum Shade Screen takes the place of an Awning and a Screen.  
NO AWNING NEEDED—because Kaiser Shade Screen's tiny louvers tilted at an angle reflect the sun's hot rays—yet catch the breeze and cool it by allowing 20% more air circulation.  
NO OTHER SCREEN NEEDED—Kaiser Shade Screen's 18 tiny louvers per inch as compared with ordinary screen wires 16 strands per inch gives you complete insect protection.  
PRIVACY—Live in comfort and daytime privacy behind Shade Screens. During these hot days, you can relax in your shorts in comfort without embarrassment—because you can see out but no one else can see in.

First of the Fine Cars in Value

## The Car that puts your Best Foot forward

WE think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its ride.

There is the all-important point about what a car does to you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-

eight power plant—when you feel the smooth surge of its Dynaflo-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

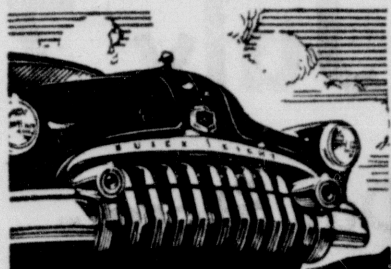

Those four Ventiports, too, cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid,

dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-hp Fireball valve-in-head straight-eight engine. Dynaflo Drive standard. A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

### FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

**Buick Roadmaster**  
with Dynaflo Drive

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

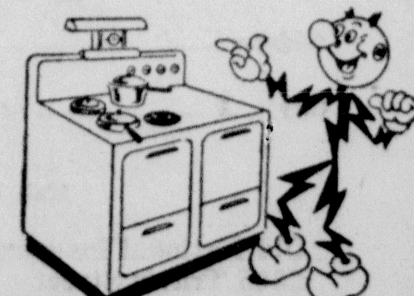

You can expect **more** from an **Electric Range..**

because it has **more** to offer you

An electric range... with its many convenient features... will give you a new outlook on meal-making! You'll discover how easy it is to get (and depend on) delicious cookbook results! You'll spend less time in the kitchen... have more leisure time. Yes, like so many other smart, modern women today, you'll say... electric cooking is the kind of cooking you want. Here are ten good reasons why:

- 1 CONTROLLED HEAT:** Accurate temperature control... cuts on and off automatically.
- 2 CLEAN:**... doesn't smoke your pots and pans.
- 3 COOL:**... cooking heat goes directly into the vessel.
- 4 SAFE:**... safe as your electric lights.
- 5 ECONOMICAL:**... actually saves you money... a very small amount of food shrinkage because it's draftless cooking.
- 6 HEALTHFUL:**... retains the nutritious minerals and vitamins in the food.
- 7 FAST:**... a turn of the switch and the high-speed cooking units are ready for use.
- 8 TIME AND LABOR SAVING:**... cooks a complete meal at one time... allows you to perform other household duties without interruptions.
- 9 DEPENDABLE:**... an ample supply of low-cost electricity always ready at the flip of a switch.
- 10 MODERN:**... incorporates the newest conveniences of cooking.

Go Electric all the way

## Battetown Bible Class Honored With Party

Mr. and Mrs. Guy Rivers gave the girls and boys of the Intermediate Class of the Battetown Baptist Church a hay ride and weiner roast at the close of the vacation Bible School.

The weiner roast was given Tuesday night, June 27 at the roadside park at Minerva. Chaperons other than the host and hostess were Mrs. O. D. Hairgrove and Miss Wilma Angell.

The following girls and boys were

present: Betty Holloway, Jeanette Hairgrove, Patricia Gill, Shirley Mullinax, Peggy Malone, Dorothy Gaines, Kenneth Harber, Phillip McCall, William Sizcha, Billy Holloway, Bobby Martin, Joe Bob Esslinger, Charles Tindall, Charles Edmunds, Pat Lee Dross, Donald, Sarah and Melvin Lee Rivers and Betty Mullinax.

Guests in the home of Mrs. B. Slocumb were Mrs. J. W. Hagood and daughters, Mary Lou and Judy of Fort Worth. Becky and Cattilou Slocumb of San Antonio went home with the Hagoods for a visit.

## WANT-ADS

### NOTICE TO CAR OWNERS

I have been requested by doctors to ask car and truck owners to refrain from parking in front or alongside of clinics. Since parking space near the offices of the doctors is limited it is sometimes difficult for patients to get near the clinics and in some cases where patients have suffered from accidents or from other causes it is highly important that they reach the doctor quickly.

I ask your cooperation in this matter and unless you are visiting the clinics for medical care please park your car or truck some other place.

CARL C. BLACK,  
Sheriff

**LOST OR STRAYED** — From my place 1 mile south of town, a motly brown heifer. Weight 500 pounds. Dr. W. R. Newton. Phone 41.

**FOR RENT** — 47 acres of land all in cultivation two miles out. Reasonable rent. Apply to Miss Annie Stallworth. 11-3tp

**I HAVE A NEW ROW BINDER** — Now ready to row bind your feed anytime any where. See W. C. Kothek. Day Phone 9536, Night Phone 788-W. 12-1tc

**WANTED** — A reliable white maid — nurse to live on place. Good salary, private room and bath. Write Mrs. Will Anderson, box 221, Calvert, Texas. 12-1tp

### CARD OF THANKS

thank We wish to thank the people of Milam and others who were so kind and sympathetic to us in our time of trouble in the loss of our mother, Mrs. Ida Howes and brother, Orvin Worthington. We especially wish to thank Rev. Threadgill of Lytton Springs, Rev. R. A. Bingham of Rockdale, and Rev. Ledbetter of Milam. Also we wish to thank those who brought food and floral offerings, and Phillip and Luckey Funeral Home. We pray you may have such friends in your time of trouble. God bless each one in our prayer.

Mr. and Mrs. Charles Miller  
Mr. and Mrs. L. C. Vanover  
Mrs. Bob Edwards and daughters.

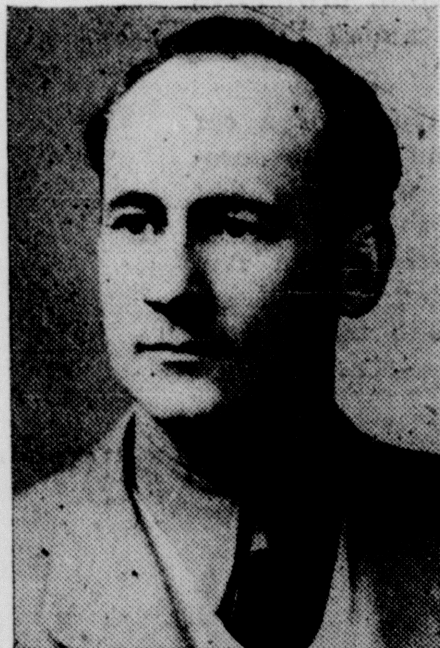

## New Remedy ATCH Received Here And Is Being Administered

Two grams of Adreno Corticotrophic Hormone used for Rheumatoid Arthritis has been received at the Newton Memorial Hospital and is now being used in treatment of John Pavlos of Abbott, Texas, a voluntary patient.

If the new remedy now being tested proves as revolutionary as the medical profession anticipates, great progress will have been made in the cure for arthritis and other virus diseases. The new medicine is referred to as ATCH and the two grams received here cost \$800.00. The hospital has all necessary electronic instruments to administer the medicine and also has available the Doctor who is giving his time and effort to administer to the patient.

Use of the medicine is "investigational and experimental only," and

## Boll Weevil Serious Threat To Cotton Farmers In Milam

Boll weevil damage to fruiting cotton continues to be a serious threat to cotton farmers particularly those near the wooded sections of the county.

J. D. Moore, county agent, and Roy Wright of the Farmer's Home Administration made counts in a number of fields this week and found boll weevils still active in fields directly north and south of Cameron. One untreated field near Rockdale had 55% of the squares punctured. Another field west of Cameron had 20% count on an untreated field as compared to a zero count in a treated field on the same farm.

The early season poisoning program is showing very promising results. Farmers are urged to check their fields weekly and any farmer can make a check count by walking across his field and pulling 100 squares at random. After pulling the squares, inspect them to see if they have been stung by a weevil. If 25 out of 100 are punctured another application of poison should be applied immediately. Wait 5 days after the application and make another square count and if the punctured square count has decreased considerably, the one application may be sufficient to assure a crop without further poisoning.

## STOP THAT ITCHING

If bothered with Eczema, Tetter, Ringworm, Athletes Foot, Prickly Heat, Poison Oak, Itch, Sores on children, Leo Laake Drug Store will sell you a jar of Black Hawk Ointment on a guarantee. Price 60c and \$1.00.

## JONES PRAIRIE

An enjoyable family reunion of the Jamison family was held Sunday, June 2 at the Buchanan Dam. Those present for the occasion were Mrs. J. A. Jamison, Miss Louise Jamison, Mr. and Mrs. Bailey Jones and sons Richard and Jamie of Jones Prairie, Mr. and Mrs. Hope Jamison and son, Elbert Hope, Mr. and Mrs. Pool Jamison and daughter, Sara, of Freeport, Mr. and Mrs. Lovelace Jamison of Waco, Mr. and Mrs. LeRoy Massengale of Maysfield.

Mrs. Lula Gaines of Chilton, and Mrs. Ethel Massengale of Maysfield attended church services here on Sunday evening.

Mr. and Mrs. Watt Wiese and family spent last week with his mother Mrs. Della Wiese.

Mrs. Lester Hughes and son Bill of Cleburne spent several days of the past week with her parents Mr. and Mrs. S. S. Hickman.

A group from the Little River Church attended the Worker's Conference at First Baptist Church in Buckholts Monday and won the attendance banner.

Mrs. Dewey Black visited her son and daughter-in-law, Mr. and Mrs. Jack Black of Port Lavaca recently.

Mr. and Mrs. J. H. McNeil are spending the week in Houston on a business visit.

Mr. and Mrs. James Harwell of Dallas are spending the week end holiday with their parents, Mr. and Mrs. Robert Glenn and Mr. and Mrs. J. P. Harwell.

Mr. and Mrs. Hetzel Burnett of Houston visited his parents, Mr. and Mrs. J. H. Burnett, over the week end.

Mr. and Mrs. Bill White and family of Baytown are spending their vacation with his parents, Mr. and Mrs. Bock White.

Mr. and Mrs. Paul DeVille and little son, David, of Grand Prairie, are spending the holidays with her parents, Mr. and Mrs. Jack Pond.

Mr. and Mrs. Van Sweet and daughters, Nancy and Christy Ann, of Stockton, California, spent the week end holiday with his parents, Mr. and Mrs. W. M. Sweet. Mr. Sweet is attending Baylor University during the summer semester, and is teacher and coach at Stockton Junior College of California.

Mr. and Mrs. Clyde McCarty and baby of Plaquemine, Louisiana, are visiting his parents, Mr. and Mrs. Mack McCarty.

Mr. and Mrs. S. S. Hickman, Mrs. Lester Hughes and son, Bill were dinner guests of Mr. and Mrs. Bill Kennon Thursday and visited Mr. and Mrs. Joe Hickman of Cameron in the afternoon.

Jack Chastain of Baylor University conducted song services at the First Baptist Church on Sunday.

## REV. ODELL JAMESON BURIED IN DALLAS

Funeral services for the Rev. Odell Jameson, pastor of the Forrest Avenue Baptist Church, were held at 4 P. M. Thursday, June 29 at the Forrest Avenue Church.

Rev. Jameson died Tuesday at his home, 1523 East Missouri, after a long illness.

Officiating minister was Dr. W. Marshall Craig, with Dr. A. B. White, Dr. Ray B. Mayfield, of Houston, and the Rev. C. S. Cadwallar of Waco, assisting. Burial was made in the Grove Hill Cemetery.

Rev. Jameson last Sunday celebrated his seventh anniversary as pastor of the Dallas Church. He had been in the ministry 24 years. He was born in 1902 in Abbot, Hill County and attended Baylor University. He had held pastorates in Waco, Moody, West Columbia, Houston, Austin, Walkers Creek and Branchville.

He was a member of the South Dallas Masonic Lodge, Kiwanis Club and the South and East Dallas Chamber of Commerce. He was also trustee of the Baptist Standard and a member of the relief and annuity board of the Southern Baptist Convention. He was formerly vice-president and a member of the executive board of the Texas Baptist Convention and former president of the Dallas Baptist Pastor's Association. He also directed the building of the Forrest Avenue Baptist Church.

Surviving are his widow, two daughters, Jeannine and Joane; two sisters, Mrs. V. B. Stassi of Baton Rouge, La.; Mrs. Truman Mitchell of Waco; two brothers, R. O. and T. O. Jameson both of Sherman and his mother, Mrs. M. B. Jameson of Waco.

Pallbearers were: E. C. Paige, J. O. Swift, R. G. Lorenz, James Goff Sr., Frank McManamin and G. W. Moel.

Mrs. Jameson is the former Cornelia Gunn, daughter of Mr. and Mrs. Dan Gunn. At the time of their marriage Rev. Jameson was pastor of the Walkers Creek Baptist Church.

## YARRELLTON NEWS

Mr. and Mrs. Harris Little and children of Rosebud were Sunday visitors in the home of Mr. and Mrs. Autis Franklin.

Mr. and Mrs. Autis Lott of Cameron were Sunday visitors in the home of his parents, Mr. and Mrs. John Lott.

## RED ARMY TANKS BREAK KOREAN LINES

American infantrymen raced to the Korean front today to stem a threatened communist breakthrough and front dispatches said they probably would go into battle July 4.

The North Korean reds were attacking along a 35-mile front in the Suwon area.

Spearheaded by tanks, they advanced as much as 10 miles during the night and opened new attacks at dawn.

The South Koreans are trying, with the aid of reinforcements to hold the line until the GI's get there.

The war swung into full-scale land, sea and air activity Sunday, and became the international operations ordered by the United Nations to save the South Korean republic from the communist threats.

B-29 superfortresses of the United States air force took the war into North Korea, attacking the Yonpo airfield 125 miles north of the border and leaving it palled by smoke. Australian royal air force Mustang fighters provided protection for the Superforts.

The United States and British navies in their first joint engagement sank five out of six enemy motor

torpedo boats off the east coast.

But on the ground the war took a serious turn. The communists thrust two tank-led columns across the Han river in the Yongdungpo sector 17 miles northwest of Suwon. They attacked with tanks, artillery, ox-drawn anti-tanks guns and truck-born infantry to the east of Suwon.

Three separate columns were moving in a flanking attack on Suwon.

Fierce South Korean defense against the attack of a big enemy force resulted in the North Korean split into three columns east of Suwon.

One column was now headed generally southward in the direction of Suwon. The second was moving outward in the direction of Osan, 10 miles south of Suwon. The third was reported moving generally westward, seeking to regain contact with the first two.

The air force said Sunday that it had no confirmation that North Korean planes were being flown by Russian pilots. The air force refused comment on reports that same planes which strafed Suwon airfield Sunday bore Russian insignia.

### Christian Church Represented At July Encampment

First Christian Church, Cameron, will be represented at the Y.M.C.A. Encampment at Valley Mills during the month of July.

Members of the Young people's Department who will attend the camp from July 9 through 15, are Gray Cox, Woodrow Clore, Marie Hearne, and Billie June Williams.

Dorothy Kelly, Jimmy Markham, Charlotte Pembroke, and Dwight Hughes, all Intermediates, will attend the camp, but as yet, their plans are pending, and they have not announced their intention to attend.

The camp is conducted for Christian Churches in District 10 annually. Youths of the churches receive inspiration attributed to the wholesome environment. They may learn handcraft, enjoy games and swimming, as well as receive invaluable religious instruction. They return with an attitude on life that is quickly transmitted to those in the local churches, thereby helping those left at home to share in their experiences.

#### SON TO THE FARRS

Mr. and Mrs. Byron Farr of Valentine are the happy parents of a son born June 20, 1950. The baby weighed seven pounds, fourteen ounces and has been named Dale Ross. The mother will be remembered in Cameron as the former Florence Jane Storey. Grandparents are Mr. and Mrs. Bill Storey of Cameron.

Mesdames Joe Hawk, Emil Skupin and John Matyastik attended the Milam County Home Demonstration council held in Cameron Monday.

Mr. and Mrs. W. D. June and daughters, Carolyn and Janet of San Antonio were visitors in the home of Mr. and Mrs. Ed June and family the past week.

Miss Jeanelle Toland of Corpus Christi spent the week end visiting Miss Mildred Matyastik.

### Former Cameron Woman Becomes Member Of OEA

Louise Green, daughter of Mayor and Mrs. A. N. Green, has become a member of Office Executives Association of N. Y.

James M. Brahaney, editor of the OEA News, announced that he takes justifiable pride in introducing M. Louise Green as Assistant Director, Product Utilization, Products and Methods Research of Remington Rand, Inc. She has been with Remington for 3½ years, as office consultant in training, work simplification, testing and doing products and methods research.

Miss Green is working toward the completion of a PhD. She has earned earlier degrees in the Lone Star State, where she spent six years as teacher, department head and coordinator of office training, all with the El Paso Public School.

Other teaching experience consisted of teaching Fellowship at NYU and a post as Assistant Professor of business Administration at Bucknell University Junior College. Extra curricular activity included the contribution of articles appearing in the

Journal of Education Psychology, Journal of Business Education and National Education Quarterly.

During these years she managed to crowd in the direction of Dale Carnegie classes in Effective Speaking in New York.

Mr. Brahaney states further that he is very proud that Miss Green has decided to become a member of OEA and feels that the association will be mutually interesting and beneficial.

### Knights Of Pythias Elect Officers For Coming Year

Knights of Pythias Monday night

June 26 elected the following officers: Woodrow W. Lowe, Chancellor Commander; R. J. Woodum, Vice Chancellor; Roy Wright, Prelate; J. M. McClean, Secretary, Fritz Schwartzing, Master of Works; Allen Dodson, Master At Arms; B. L. Archer, Inner Guard; James McGoldrick, Outer Guard.

Rank of Page was conferred upon A. J. Smith and the regular business routine was carried out during the 3rd.

### MRS. MARY PHIPPS BURIED LITTLE RIVER

Mrs. Mary Elizabeth Phipps, 77, died at 8 p. m. Wednesday June 28 at the family residence at Maysfield.

Mrs. Phipps was a native of Georgia born July 22, 1871 and had been a resident of Milam County for 26 years. She had made her home in this county since the family settled here and during most of this time had lived in the Maysfield community. She had been ill for a long period of time and during the past few weeks her condition became more critical.

Funeral services were to be held at 4 p. m. Thursday June 29 from the Little River Baptist Church by Rev. Bennett Scott, pastor of the Maysfield Methodist Church, assisted by Rev. Stanley Ray, pastor of the Little River Baptist Church. Interment was made in Little River cemetery with Green Funeral Home directing the arrangements. She was a life long member of the Methodist Church.

Survivors are as follows: five sons; Richard Phipps, William Phipps, Floyd Phipps, Clap Phipps and J. B. Phipps all of Cameron. Four daughters;

Mrs. Roy Weems, Mrs. Milton Weems, Mrs. Bill Thweatt of Cameron and Mrs. Jessie Newton of Velasco. Two sisters; Mrs. Georgia Cotton of Sterling City, Texas and Mrs. Fanny Smith of Graham, Texas.

The body will remain at the family residence until the funeral hour.

### Miss Edith Baldrige Returns Saturday From FHA Convention

Miss Edith Baldrige, with the Herald, daily and weekly, returned to her home in Cameron late Saturday from Kansas City, Missouri where she attended the second national FHA Convention.

Miss Baldrige was accompanied to the convention by Mrs. Eula Sutherland. Texas sent the largest delegation of any state to the convention.

Miss Baldrige graduated from Yoe High School in June as Valedictorian of her class and has been with the publishing plant since the close of the school year. She will enroll in Mary Hardin-Baylor College this fall. She will write a series of articles giving her impressions of the convention for the readers of this newspaper.

## Community Vacation Bible School To Be Held At Sharp

Plans are complete for the Community Vacation Bible School to be held at Sharp July 5 to 14 at 3 to 5:30 P. M. daily.

The school will be conducted by the Sharp Presbyterian and the Tracy Methodist Churches. Teachers working in the department are: Intermediates, Mrs. Mildred Petty and Mrs. George Young; Junior, Mrs. Lewis Modesett; Primary, Mrs. Otis Charles, Mrs. Jewell Petty and Mrs. Schwarz Pre-School Children, Mrs.

W. C. Edwards, Norma Rinn and Mrs. Lenza Caffey. Mrs. Rachel Graves will head the Art and Handicraft department with Mrs. Dalton Stephens and Mrs. Marvin Petty assisting.

Rev. and Mrs. R. E. Ledbetter of the Tracy Methodist Church will take an active part in the Bible school.

All children and groups not otherwise engaged in a Bible School are invited to this eight day school.

Greer Condry was a business visitor in Cameron Saturday.

Mr. and Mrs. Marvin Pratt and children spent the weekend in Somerville visiting relatives.

## COUNTY REPORTED LOSING NEAR 10,000

Consternation and indignation were freely expressed here following announcement that Milam County had lost almost 10,000 people since 1940. Census director, W. H. Skelton of Waco, notified County Judge Dan Tyson of the preliminary census for 1950 and the judge said he feels a recount should be made. No one seemed satisfied with the report since government and other activities do not indicate that the County has lost half of its population since 1930. The county had over 40,000 people in 1930 and the present population is fixed at approximately 23,000.

If the census is correct it shows that substantially half the people in the county are living in Cameron and Rockdale. At one time Milam County was third in Texas in density of rural population and there were 5,500 farms in operation.

This newspaper in November of 1949 warned that such a thing would surely happen if support was not organized to obtain a rigidly complete census.

It is not likely anything will be done about it because it involves work and the ever important ingredient of energy that every progressive, political entity should possess.

City authorities and civic big wigs who assault the coffee urns every morning are openly indignant because of failure of anticipated population gains.

Mr. and Mrs. C. E. Brashear and Sid of Houston were guests of Mrs. Clara Brashear this week. They were returning to Houston after a vacation in New Mexico and Colorado.

## Lion Club Holds First Meeting Of New Year Here

Cameron Lion's Club held its first meeting of the new year Tuesday June 27.

Woodrow Lowe, president, introduced the guests and speakers.

Dr. Clifford Swift gave a talk on the importance of the School election that was held Wednesday and advantages to the School system here for the tax to be voted.

Mr. Lowe announced the committees and chairmen for the year and their duties in assisting the various organizations in the city. Several members gave their ideas and view point as to the betterment of these conditions.

Kenneth Lucas, son of Mr. and Mrs. Clyde Lucas of California, gave two tap numbers. He was guest of A. W. McCullin.

## Walgreen Store Is Bought By Company; Is Bankruptcy Sale

Milam Drug Company, a Walgreen Agency, sold here this week under bankruptcy proceedings and was purchased by the Walgreen Company.

D. F. Elder representing Walgreen, bought in the stocks and fixtures for a reputed \$15,000. A number of bids were made by local interests but were below the price paid by Walgreen.

An announcement has been made concerning possible disposition of the business but people here are hopeful the store will be re-opened. The business was established some two years ago by a corporation of local investors.

## GUN FIGHT VICTIMS BURIED IN SAN MARCOS

Two victims of the Sunday night gun battle in Rogers were buried in San Marcos Wednesday June 28.

Alberta Martinez, 24, and Brigido Quinones, 67, both slain in a shooting at a dance hall in the Mexican quarter of Rogers whose bodies were removed to Cameron by the Green Funeral Home were buried with funeral services for Quinones at 9 A. M. and for Martinez at 4 P. M.

The Green Funeral Home directed arrangements. Both were members of the Catholic Church and Father Villaspier of Waco performed the religious rites. Quinones was a farmer living near Rogers and Martinez was a native of Milam County but had lived at Rogers for the past 11 years.

Quinones is survived by his widow, two sons, Casimiro and Paulino of Rogers; six daughters, Clotilde, Margaret C. Paula, Astanasia and Margaret H. of Rogers and Nemesia Jimenez of Bryan.

Martinez is survived by his father Fred Martinez; three brothers, Alphonso, Fred Jr., and Ignacio Martinez of Rogers; five sisters, Ascension Rodriguez, San Juana Gloria, Valentina, Manuella Martinez and Benifa Escalante all of Rogers.

## Talent Program Held At Buckholts Friday June 30

The second talent program sponsored by the Chamber of Commerce was held at Buckholts School Friday night June 30.

E. B. Hyer, postmaster, was chairman of the program and said it was well attended.

Lester Williams, president of the First National Bank, presided as master of ceremonies.

The program consisted of musical numbers and questions and answers. First prize on the musical part of the program went to Patricia Zavrel with Joyce Sample and Nancy Jane Zavrel competing with her. In the questions and answer portion of the program Marion Fuchs was awarded first prize. Dale Frazer and Milton Daniel were the other contestants.

Friday July 7 the third program will be held at Milano with Hinton Pruett as chairman of the program.

## Local Farmer Grows Tallest Corn Here; One Has Four Ears

Wendell Cryer, overseer of farm activities at the Milam County Poor Farm, produces corn of unusual height.

One of the stalks has four ears on it while the other one has two.

Mr. Cryer when asked, what kind of corn he planted replied the old native yellow dent. The ears are from six and a half to nine feet up on the stalk and unless laborer is a six-footer he will have to break over the stalk to harvest the corn.

Many different farm products of exceptional growth have been brought in from time to time and this tops all the past records for corn in height.

The Cameron Herald  
July 6, 1950

## 1950 CENSUS SHOWS BIG DECLINE HERE

Milam and Falls counties lost population heavily in preliminary census figures released Wednesday, but gains in McLennan and Bell county pushed the 11th congressional district total to 280,596 persons, an 11.2 percent increase since 1940.

The final report of district census director W. H. Skelton showed the 1950 preliminary figures for Milam county at 23,450 and Falls county at 26,382.

In 1940 Milam county had 33,120 people and Falls county had 36,984. The drop in Milam county population amounted to 29.2 percent from the 1940 census. In Falls county the percentage loss was 26.7 percent.

Mr. Skelton said that the decline in population in the two counties was in accordance with the general statewide trend for rural counties. All four of the rural counties in the 11th district lost population, but the urban counties of Bell and McLennan gained heavily.

Despite the losses in the two counties, major cities in both were able to hold their own. Cameron advanced to a population of 5,227, compared with 5,040 in 1940.

The increase in the Milam county seat amounted to 3.7 percent.

Marlin, largest city and county seat of Falls county, had a preliminary census count of 7,060, compared to 6,542 population in 1940—a 7.9 per cent jump.

Rockdale in Milam county, showed an 8.2 percent rise, from 2,136 in 1940 to 2,311 this year. Rosebud, however, unaccountably slumped from 1,842 to 1,772 in population.

The decline, the only one in this area beside Mart's amounted to 3.8 percent.

Preliminary figures for the 11th congressional district, besides those for Milam and Falls county, are 74,172 for Bell, 128,589 for McLennan, 16,221 for Coryell and 11,782 for Bosque.

The gain in Bell and McLennan counties amounted to exactly 56,000, while the loss in the other four counties totalled 27,254.

Mr. and Mrs. Dewey Black and Frank of Jones Prairie and Mr. and Mrs. Novel Young of Waco were in Port Lavaca over the week end. They attended the open house of the Aluminum Co. of America of which Weldon and Jack are employed.

## Herbert Madeley Is To Be At Shop

Friends of Herbert Madeley are  
glad to know of his improvement and  
that he was able to be at his Radio  
Shop for a few hours Wednesday.

He was injured in an automobile  
accident February of this year and  
has ben confined to the Newton Mem-  
orial Hospital since that time.

Mr. Madeley says he hopes to be  
back at work in his shop located on  
North Houston very soon.

Martha Lee Hoyle returned home  
Tuesday after being a patient in New-  
ton Memorial Hospital.

### MOSCOW BRISTLES—

(continued from page one)

Formosa, the Philippines and Indo-  
China. But observers emphasized that  
for the first time it officially and de-  
finitely aligned the Soviet Union's  
sympathies with the North Korean  
government.

Previously all such expressions of  
solidarity had been confined to speech-  
es, resolutions and workers mass  
meetings.

Observers noted, too, that Gromy-  
ko said flatly the American people  
do not want war— but are being  
gradually drawn into it by their rul-  
ing circles. This gave observers here  
the impression that the Soviet gov-  
ernment will try hard to prevent a  
third world war.

Foreign observers paid particular  
attention to the concluding part—  
holding the U. S. responsible "for  
the consequences" and declaring it  
the UN's duty to demand the cessa-  
tion of American intervention.

At a late hour Gromyko's state-  
ment was not available to United  
States Ambassador Adm. Alan G.  
Kirk. Kirk and all top embassy of-  
ficials spent July 4 working at their  
desks in the chancery building on  
Makhovaya street, opposite the Krem-  
lin.

### W. D. BIGBEE—

(continued from page one)

years he served with great distinc-  
tion and outstanding efficiency. From  
this responsible place for the next  
two years he was general concrete  
and foundation inspector at Possum  
Kingdom Dam and was also Direc-  
tion Foreman on the big power house  
built there.

Beginning in 1941 and for eight  
years through 1948 Mr. Bigbee was  
employed in Central America, Vir-  
gin Islands and South America doing  
all types of construction work thus  
he made his contribution twice in 25  
years to the war effort of his country;  
the first time in the Navy and the  
second time doing vital construction  
work in the above countries. For the  
past two years he has been engaged  
in concrete work in Cameron.

In announcing for commissioner  
Mr. Bigbee has definite plans for  
road construction and maintenance  
in the precinct and has been discus-  
sing with the people the improve-  
ments he could bring about by apply-  
ing better methods in spending the  
money allotted for this area.

Friends and supporters are point-  
ing out that the precinct can get  
a commissioner and engineer for one

salary and they believe it will pay  
big dividends in results obtained. With  
his experience Mr. Bigbee would be  
a valuable member of the court his  
many friends point out.

Mr. Bigbee pointed out what he  
feels is a policy of waste by stat-  
ing that if he is elected he will see  
to it that all road money is spent  
within the right-of-ways and he feels  
that by concentrating funds where  
they are intended to be spent under  
the law vast improvements will come  
about in a short time and the road  
picture will take shape in accordance  
with needs. He would institute a  
number of new methods which he  
says will mean more money for build-  
ing roads and a bare minimum for  
other necessities thus placing the ma-  
jor income of the precinct where it  
belongs and would eliminate what he  
believes an extravagant and unneces-  
sary waste.

Mr. Bigbee wants your vote and  
support on the pledge he will be a  
working commissioner and a promise  
to make good with results and not  
excuses. If he is unable to see and  
talk with each voter this appeal for  
your support is his assurance any-  
thing you may do in his behalf will  
be appreciated.

Mrs. L. C. Angell of Houston spent  
the past week at the bedside of her  
father, R. W. Wilson who is a pat-  
in St. Edward Hospital. His many  
friends in Cameron will be glad to  
know he shows some improvement.

fight's underbody destruction  
of rust, corrosion, wear

Every mile you drive, the  
underbody of your car is  
being attacked by flying  
rocks, gravel, corrosive road  
chemicals. They cause rust,  
rot fenders, make your car  
rattle and squeak. Get car-  
protecting UNDERSEAL,  
the new sprayed-on coating  
that repels rocks, rust, cor-  
rosion, and muffles body  
noises... keeps cars new and  
quiet-riding longer. It's guar-  
anteed to protect for the life  
of your car.

Specials Through July

**\$25.00 now \$19.95**
